Hello Friends,

You cannot believe how thankful I feel to have been able to spend a year with you. I really enjoyed your openness, spirit, and friendship. This time here has taught me a lot about myself, about life, about others. I thank you all for being a great help in my experience and hope to see you again sometime, here in the U.S. or maybe in Belgium, where you are always more than welcome to drop by.

## SKYBIRD

Skybird
make your sail
and every heart will know
of the tale
Songbird
make your tune
for none may sing it
just as you do
Look at the way I glide
caught on the wind's lazy tide
sweetly how it sings
rally each heart at the sight
of your silver wings
Nightbird
find your way
for none may know it
just as you may

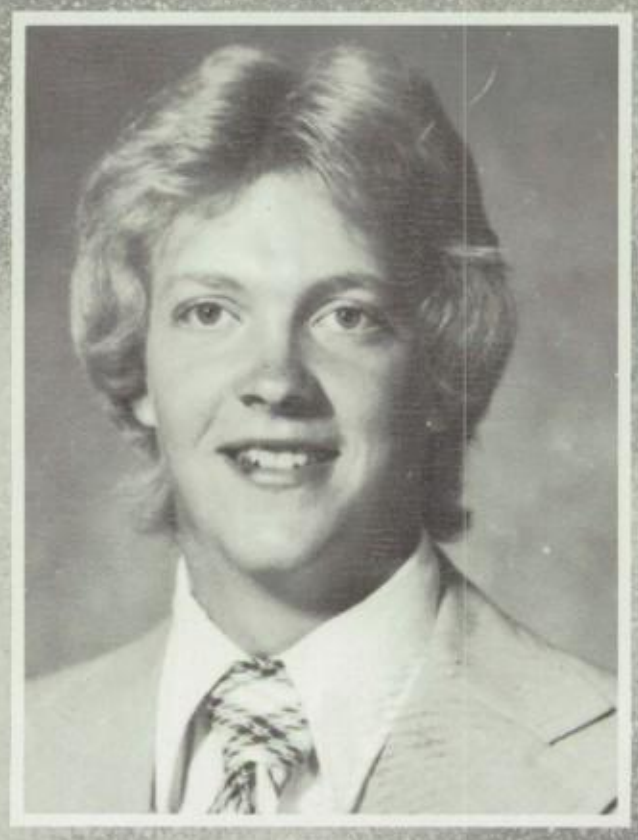
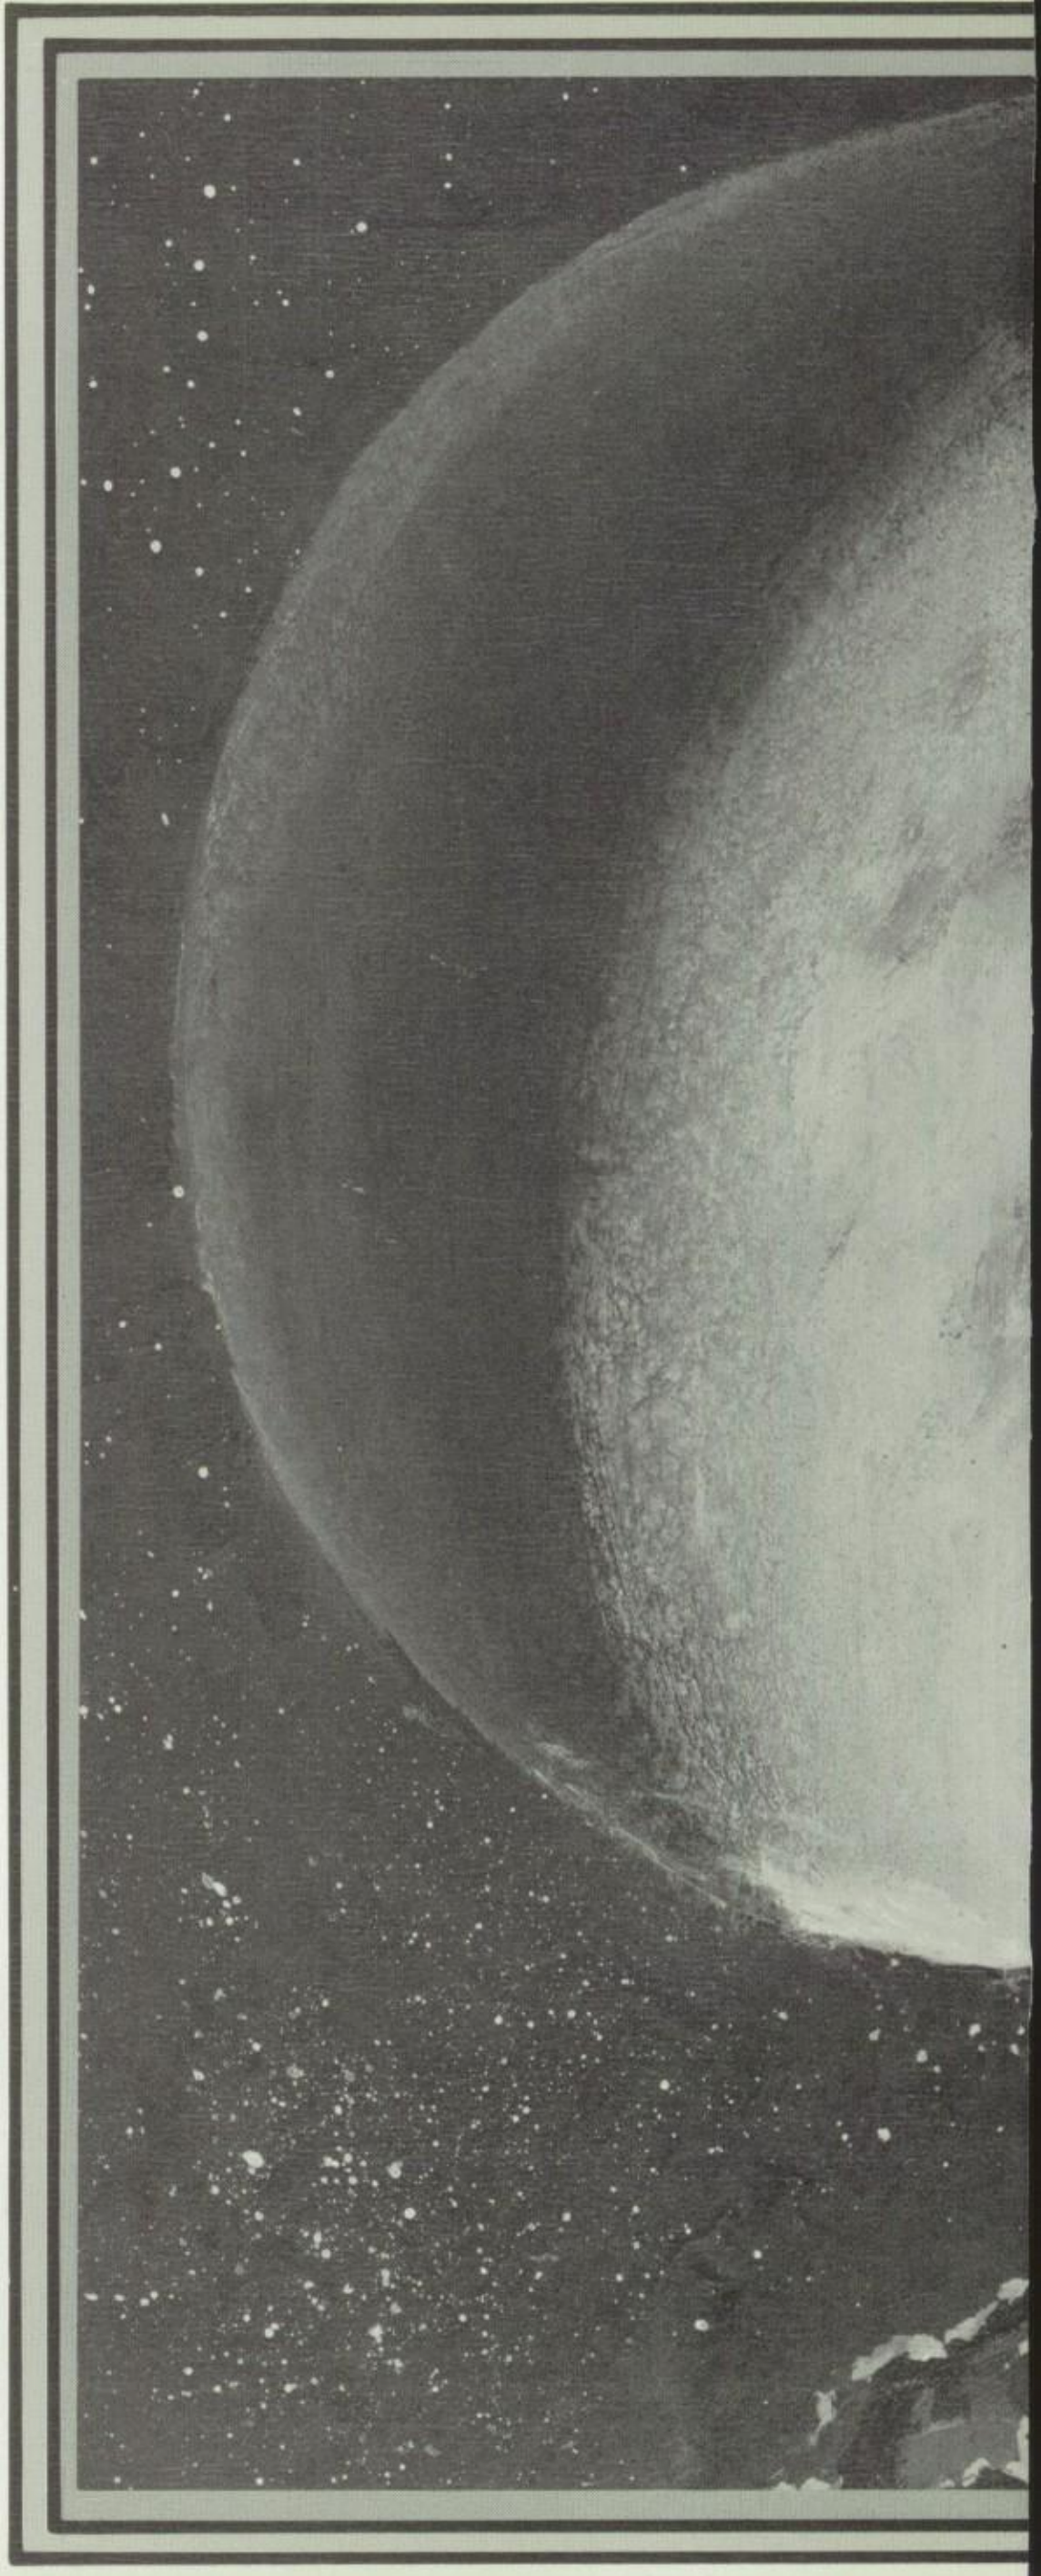
# In Memoriam



Jay Thompson



**Opportunities for adventurous living have not yet disappeared. The frontiers or courage and romance — still exist, beyond which only the exceptional soul will venture. One has only to choose a setting for the drama, if your mind is an imaginative one, if your heart seeks the unexplored, the setting does not matter. Your life will be an adventure.**

You better cut them feet off a little. cause they stick out to much and I just can't help stepping on them. Not really but I'll lend you mine if you want OKAY.

I hope we have some classes together next year so we can get to know each other more.

I hope you have a fun summer and stay out of trouble.

I wish that our seminary class could of been better but with you in there it was fun.

Better go now. Remember me once in awhile if not all the time.
